ANNUAL REPORT

BETH ISRAEL HOSPITAL, BOSTON 1971

REPORT OF THE PRESIDENT

The primary mission of the Beth Israel Hospital is delivery of quality patient care. That we want to succeed in this objective, and are constantly trying to improve upon it, are accepted facts. The position of medical eminence that our Hospital commands, not only on the community level, but also on a national basis, attests to the validity of our efforts in this direction. Because it is superior people who make a hospital excel, we are deeply indebted to the more than two thousand people of the B. I. family ranging from our full-time staff, our private physicians, and our house staff through the broad variety of health care workers of all sorts who apply themselves to their daily tasks with unequalled dedication and enthusiasm.

Paralleling our efforts to heal the sick is our determination to carry out these responsibilities in an atmosphere of warm, personalized concern for every patient we are privileged to serve. As our knowledge of medical science increases so dramatically, and as the tempo of new technologies quickens, we renew our resolve to provide for every individual who entrusts himself to our care the basic dignity and personal attention which are his unquestioned right. Your Trustees and the entire administrative staff are keenly aware of this important phase of hospitalization, and have instituted and will continue to develop a variety of programs designed to bring this all-important area to a level which will be a source of pride and satisfaction to all of us. While perfection may be a difficult goal to attain, be assured that we are determined to approach it, and our efforts in that direction will be unceasing.

We have gained strength in another way over the past year or two — and that is by the even closer involvement of our fine staff of private physicians. By their service on many Hospital committees they have brought new insights to the solution of some of our operational problems. Their participation offers an ideal opportunity for the exchange of ideas for our common good — and opens wider the channels of communication between our lay leaders and our large body of private physicians. I am encouraged to believe that this partnership will grow stronger year by year.

This past year witnessed the start of our Renovation Program in Diagnostic Radiology. Long delayed by shortage of funds, the Board of Trustees nevertheless authorized the implementation of the Program in response to the critical needs that must be met. Plans call for: a) upgrading and modernization of the equipment already existing; b) conversion of an adjacent area into space for patient waiting and flow control, as well as for x-ray reading and discussion; and c) finally, the creation of a Special Procedures suite for the more complex procedures (neuroradiography, cardiac and peripheral vascular studies, etc.).

Special attention has been focused on patient comfort and convenience. Reception and waiting areas in Diagnostic Radiology will be expanded to more than six times their present size, permitting more orderly and effective scheduling of appointments and thereby sharply reducing delays. We believe that the net results will allow all patients to undergo their required x-ray procedures with a maximum of comfort and privacy and a minimum of inconvenience.

Work is progressing satisfactorily on the first two phases of the Program and we expect the construction of the Special Procedures suite to be underway soon. All of us can take pride in the Program that will dramatically increase our patient care capability.

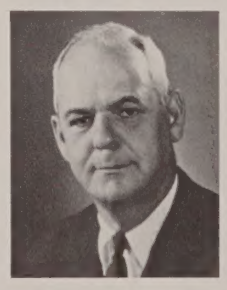
Much planning and thought have been devoted to the lessening of the parking problem at the Hospital. Unanticipated delays have prevented the construction of a garage which would reduce by a considerable extent the difficulties confronting us. I am happy to report that most of the obstacles with respect to construction have been overcome and, hopefully, by the time this message is in print, a 500-600 car facility will have been started.

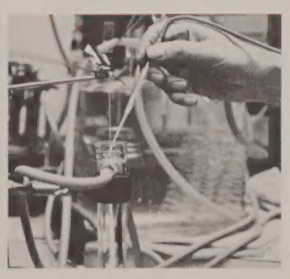
Virtually all of us will be inconvenienced during the construction period. We ask your cooperation during the time, believing that in retrospect it will have been but a small price to pay for the ultimate benefits.

Looking forward to the year ahead, I believe it will be a period of significant progress and advancement for the Beth Israel Hospital. With your help, we can realize those expectations.

Sidney Stoneman

SIDNEY STONEMAN
President





REPORT OF THE GENERAL DIRECTOR

October 1970

Medical Service Clinic begun as an experiment in OPD, providing greater personalization and availability of service to patients from physician, nurse and social service center worker, both in person and by telephone over extended hours, in a beginning of new efforts to improve ambulatory care.

Dr. Burton Jaffe, Chief of Otolaryngology, becomes Chief, Department of Otolaryngology at Children's Hospital Medical Center as well, creating another joint service exemplifying inter-institutional sharing.

November 1970

Annual Meeting of the Hospital elects Mr. Sidney Stoneman President as Mr. Irving W. Rabb retires from that office. In his three years as President, Mr. Rabb heightened our awareness that Beth Israel was a dynamic institution enmeshed within the problems, prejudices and predicaments of a teeming world, and he directed our attention toward the larger issues which have often become critical determinants of our capacity to do good.

Vivid presentation made at Annual Meeting by Dr. Samuel Hellman on the Joint Center for Radiation Therapy. Drs. David Ayman, Jacob Fine and David B. Stearns honored for 40 years of staff membership, and Dr. David Weintraub for 30 years.

Mr. Arthur A. Berarducci joins Clinical Services as Assistant Director responsible for ambulatory care.

Power plant in Harvard Medical Area reaching limit of its output; area institutions begin discussions on new power source.

Board forms Ad Hoc Committee on Pediatrics, formed to review the issues centering largely upon census problems in a 14-bed in-patient unit. Committee recommends continuation of inpatient service for the present, largely from considerations relative to our community efforts in pediatrics and our responsibilities in neonatology. Fluidity of situation is recognized with additional review scheduled within a year.

December 1970

Dr. Sven Paulin arrives as Radiologist-in-Chief; Dr. Morris Simon becomes Director of Clinical Radiology and Radiologic Education. Program for modernizing gets under way: (a) updating equipment in existing Diagnostic Radiology, the Ann Putnam Reed Wing, and development of improved reception, changing and waiting facilities for patients; (b) creation of an adjacent area for film reading and consultation in the George and Beatrice B. Sherman Clinical Research and Therapy Building; and (c) design and construction of a Special Procedures Radiology Suite one floor below.

Dr. Harry Derow dies; 42 year long association with B.I. comes to an untimely end.

Geographic checkerboard moves triggered by relocation of Maintenance to Slosberg-Landay basement; Housekeeping to OPD basement; some Dietary offices to Rabb basement; consolidation of scattered fiscal outposts to Rabb basement, South Basement, and Kirstein Hall.

Parking fees rise to $120 annually on site.

Year End Appeal focuses on modernization needs in Diagnostic Radiology.

January 1971

Mr. Joseph H. Cohen, Honorary Trustee, dies.

Dr. Nial Murray appointed Director of Clinical Anaesthesia.

Drs. Harold Bengloff, Max Bulian, Louis Hermanson, George Pike, Elliot Sagall and Arnold Segel join Medical Executive Committee for 1971.

February 1971

"The Quality of Mercy," by Selig Greenberg, a Providence journalist, is published with B. I. intensely focused upon, not unkindly.

Standard set of admitting orders for elective patients agreed upon, to be used in absence of specific orders arriving with the patient, to speed up laboratory work-up.

Dr. Robert H. Ebert, Dean of Harvard Medical School, spends a week as Visiting Professor of Medicine.

Dr. David Feingold becomes Associate Director of the Medical Service, as Dr. H. Richard Nesson allocates increasing time to the Harvard Community Health Plan and gives up that in-house responsibility which he discharged with masterful diligence and ability for many years.

Mr. Sidney Stoneman, President, appoints members of medical staff to several significant Board Committees (Finance, Building and Grounds, Resources) as part of his effective effort to broaden participation of Staff physicians in Hospital affairs. And the Medical Conference Committee functions are expanded to include their role as forum for Medical Staff - Board communication, not only through the MEC but through the Staff Council as well.

Personnel institutes ongoing job posting program, to give Hospital employees first opportunity at open positions.

Informational leaflets published on various radiologic procedures to provide more detailed and personalized information for patients about to undergo x-ray examinations.

March 1971

Family Centered Maternity Care program begun on Obstetrical Units — designed to keep the family together during labor, delivery and postpartum in-Hospital period. An eminent success in patient gratification, the program is being copied throughout the country.

Mr. Louis Baizman, Chief Radiologic Technologist, moves to Harvard Community Health Plan after eighteen years with B.I. Miss June Quintin joins the Department as new Chief two months later.

Pharmacy students from Northeastern University affiliation make rounds twice weekly with ward teams.

Nursing, Maintenance, Anaesthesia, and Cardiology intensify work on electrical safety for patients.

Midyear fiscal pressures initiate austerity program with special attention to total complement of personnel, scrutiny of all open positions and new hires.

April 1971

Dr. Phillip A. Tumulty, Professor of Medicine at Johns Hopkins Medical School, delivers second annual Dr. Nathan Sidel lecture on the Art of Medicine.

Mr. Anthony Aveni appointed as Assistant Director, Patient Support Services.

Proposal to develop a Psychiatric Inpatient Unit on 2-East results in relocation of House Officers' on-call quarters to Kirstein Hall, and the development of on-call rooms adjacent to each medical-surgical unit. Function of House Officers' Common Room critically examined; new area eventually fashioned on fourth floor of Sherman Building.

B. I. publishes scholarly poetic dialogue between Dr. Ivor Smith and Dr. Edwin Salzman concerning clinical surgery, haircuts and beards, and postoperative infection; later nationally distributed.

Industrial engineering studies help Patient Support Services institute a centralized Transport Service which will handle over 10,000 requests monthly.

Miss Lillian Aronson retires after 45 years with the B. I. Women's Auxiliary.

Chemistry Lab computer arrives, destined to simplify organization of data and transcription of information.

Pharmacy completes switch to generic drugs in all instances where substitution for brand name drugs can be made at lower cost with comparable quality.

May 1971

Dr. Sven Paulin spends two weeks in Haifa as Visiting Professor of Radiology, Rambam Government Hospital.

Feasibility study begun by the Massachusetts Health and Educational Facilities Authority in connection with a possible bond issue to help finance construction of the proposed garage and the Feldberg Building.

Students from Harvard Graduate School of Business Administration survey the Hospital as an exercise for their course in "Organizational Diagnosis," and come up with no incurable diseases.

Inhalation Therapy considers 4-day, 40-hour work week; experiment also to be tried in Laundry.

New dietary service, "pellet system," tried on 1-South with favorable patient response.

June 1971

Entire Hospital switches format of its patients' charts to the Problem Oriented Record system.

Dr. Stephen Robinson appointed Head of the Hematology Unit; Dr. Eugene Morkin, Head of the Cardiology Unit (as Dr. Kenneth Shine leaves for UCLA); Dr. Stuart Schlossman heads for a sabbatical year at University College in London, to become Head of Clinical Immunology on his return.

Plans for modernization and enlargement of Operating Room changing and locker areas posted and work begun.

Mr. Abram Berkowitz, Honorary Trustee, Past President and Chairman of Board of Managers, dies.

Mr. Moses Slotnik, Trustee, Vice-Chairman of Buildings and Grounds Committee and Executive Committee member, dies.

Mr. David Dahlstrom becomes Acting Coordinator of Unit Management.

July 1971

Inpatient Psychiatry Unit open on 2-East, adding 14 beds for short-term psychiatric evaluation. Headed by Dr. Freddy Frankel, the Unit represents fruition of teamwork and planning by many Hospital departments, clinical, service and administrative.

General 6% salary adjustment proposed for October 1971, with reservations of uncertainty because of possible governmental regulation — to be confirmed a month later when Federal Government institutes wage and price freeze.

Mr. Simon Helman, Honorary Trustee and former Chairman of Finance Committee, dies.

Mr. Jacob L. Wiseman, Honorary Trustee, dies.

Mr. Bruce Sampson becomes Director of Purchasing as Mr. Vincent Godlesky advances to Consulting Purchasing Agent.

Fiscal appointments: Mr. John Shea as Assistant Controller heading Income Control Department; Mr. Peter Furia as Patients' Accounts Manager; Mrs. Sylvia Ross as Manager of the Financial Assistance Office.

Dr. Lester Klein arrives from UCLA to become Head of Urology. Dr. Solomon Berg continues his close association, with appreciation from the Hospital for his leadership of the service up to this time.

Dr. Ronald Weintraub returns following a year of research abroad, to head Cardiac Surgery.

Staff Council and Clinical Services reactivate combined medical-administrative Patient Care Committee.

Dr. Johanna Perlmutter joins Obstetrics/Gynecology staff; develops program for Family Planning Clinic.

August 1971

Mrs. Blanche Sullivan, long-time head of our Telephone Office retires, and Mrs. Gertrude Cronin becomes Chief Telephone Operator.

Dr. David Miller arrives as Head of Ophthalmology, from the Retina Foundation and the Massachusetts Eye & Ear Infirmary. Hospital expresses its gratitude to Dr. Sumner Liebman for years of service as Head of Ophthalmology and to Dr. Elliot Finkelstein for recent service as Chief.

Joint Commission on Accreditation of Hospitals makes inspection; Hospital re-accredited for two years.

Presidential wage-price freeze forces revision of next year's budget, completed after weeks of effort just days before the announcement.

September 1971

New Trustees elected are Professor Rashi Fein, Dr. David Kosowsky and Mr. Peter Ulin. Elevated to Honorary Trustee are Mr. Norman L. Cahners, Mr. Leon Margolis, Mr. Irving W. Rabb and Mr. Abram Salter.

Rabbi Hyman Friedman heads Chaplaincy for the Hospital.

Department of Surgery gives post-graduate course, "Iatrogenesis Imperfect."

Mr. Vincent J. Gardner retires after 21 years of service; Mr. Kermit McClelland becomes Administrative Engineer.

Dr. David G. Freiman begins sabbatical year studying medical education, its curriculum and methodology, in the United States and abroad, and simultaneously becomes Harvard Medical School's Curriculum Committee Chairman. Dr. Richard Cohen becomes Beth Israel's Acting Pathologist-in-Chief, assisted by Dr. Harvey Goldman, Associate Pathologist, and Dr. Earl Kasdon becomes Acting Director of Laboratories.

Dr. Theodore I. Steinman appointed Head of B. I. Home Care program.

Modernization of Lobby and Gift Shop completed — a welcome improvement in the public image of the Hospital and a comfort to patients and visitors.

Budget for '71-'72 approved by Board of Trustees. $920,000 increase in salaries and wages, $701,000 increase in supplies and expenses anticipated. Medical-surgical room and care rate rises $4.00 in semi-private rooms, $9.00 in private accommodations; Outpatient and Emergency Unit fees up $1.00 to $17 and $19 respectively; Obstetrics room and care rate down $5.00 a day; Walk-In Clinic only $8.00 a visit and no appointment needed. All changes to be delayed until wage-price freeze is lifted.

Compared to previous year, total patient-days are down by 2,676 but admissions are up by 262, indicating shorter hospital stays for more patients — more efficiency, greater "throughput." Concerns for the coming year focus on the increasing tangle in the web made up of inflation, wage controls, price ceilings, reimbursement limits, escalating technology, accelerating professional and paraprofessional specialization, greater rigidity in government controls, rising consumer pressures and the real challenge — the continuing need for better care to our community.

REPORT OF THE PRESIDENT OF THE STAFF COUNCIL

The past year has been one of continuing progress on many fronts. It has been eminently gratifying to observe the emerging spirit of cooperation and closer relationship between the medical staff and the Hospital administration. The selection of many of our colleagues to serve on additional key Hospital committees signals a greater involvement of the staff in the affairs of the Beth Israel. An increased awareness and better understanding of mutual problems have strengthened our resolve to search for satisfactory solutions consistent with the common good.

The noble objective of service to the community is fundamental, stands inviolate and is universally embraced. It is, therefore, not the goal that separates men of reason and good will, but rather agreement on the workable approaches leading to the achievement of that goal. As we continue in our efforts, the inevitable closing of ranks is hastened.

With the planning phase for a Beth Israel Hospital program of historic proportions nearing completion, the staff is committed to assume a meaningful role in its successful implementation. As community residents, as concerned citizens, as physicians, we recognize the unique responsibilities that will be ours, and to that end we pledge our cooperation and support.

Julian G. Snyder, M.D.

JULIAN G. SNYDER, M.D.
President

REPORT OF THE PRESIDENT OF THE WOMEN'S AUXILIARY

This is my last report as President of Beth Israel Hospital Women's Auxiliary.

It is axiomatic that the busier one is, the faster time flies. I can hardly realize that my two years as President are coming to a close. It has been a profitable experience, stimulating, challenging, and with many personal rewards.

The greatness of our Auxiliary stems from the devotion and dedicated service of our 8,000 members who make us the largest hospital women's auxiliary in the world.

The community benefits from our good public relations, volunteer services to patients, and our many fund-raising activities.

We are proud of our Phase 1 and Phase 2 Membership Telethons this year, that recruited several hundred new annual and life members to our ranks.

We are grateful to our new in-hospital Person-to-Person Group who have radiated warmth and sunshine in helping sick patients with their physical and emotional needs.

We are indebted to our devoted volunteers who man the beautiful enlarged Gift Shop in the lobby of the hospital, and who give fine service to our hospital personnel, visitors and patients.

The Auxiliary Thrift Shop located at 25 Harvard St., Brookline, is not only our largest source of income, but offers our volunteer workers a great deal of personal satisfaction.

Our annual fund raising event last fall featuring two live tapings of the David Frost Show was the first of its kind in the history of charitable fund-raising, and through the generosity of WBZ-TV, Beth Israel Hospital received unprecedented free television publicity.

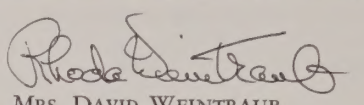
As a result of these many fund-raising activities, it was my privilege at the Annual Meeting of Beth Israel Hospital last November to present, on behalf of the Women's Auxiliary, to Mr. Sidney Stoneman, President, a check for $110,000.00, which helped to fulfill our $600,000.00 pledge to the Respiratory-Surgical Intensive Care Unit of the hospital.

One of our important moves this year is rejoining the Beth Israel Family at Kirstein Hall, after many years of separation at 22 Carlton St., Brookline. We are now enjoying the stimulating environment and have the satisfaction of working together with the hospital personnel toward our common objectives.

It has been a privileged experience to have served as President of the Women's Auxiliary, and I wish to thank all the loyal Auxilians for their confidence and trust in me.

I extend my deep appreciation to Mr. Sidney Stoneman, President of the Hospital, to Dr. Mitchell Rabkin, General Director, and to all the Departments of the Hospital that have so fully cooperated and given me their friendship and warm support.

My term as President will always remain an unforgettable joy of my life.



MRS. DAVID WEINTRAUB
President

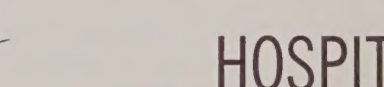
MEN'S ASSOCIATES

As the Hospital's fiscal year draws to a close, it is appropriate to review the progress and activities of the Men's Associates. We are pleased to report that our membership continues to increase, bringing into our fold that many more responsible and interested men from all walks of life whose awareness and appreciation of the Beth Israel have been heightened significantly.

One of the prime objectives of the Men's Associates is to strengthen the Hospital by sponsoring programs of informative and educational value, and through that process establish a better understanding of Beth Israel's continuing quest for excellence among our membership and the community at large.

It has been a source of gratification to the Men's Associates that many of our members have been asked to serve on several Hospital Committees of importance. We appreciate these opportunities to participate more closely in Hospital affairs and are proud that we can contribute in such a meaningful way to the continuing need for the leadership the Beth Israel requires.

As the tempo of activity at the Hospital quickens, the challenge to the Men's Associates becomes correspondingly greater. We shall continue in our efforts to keep pace with the evolving high standards that have earned for the Beth Israel its acknowledged eminence.



FREDERIC A. SHARF
President

Endowment fund	34,198
Development fund	1,847
Special purpose funds	(33,476)
	$ 1,056,786

The accompanying notes are an integral part of these financial statements.

ARTHUR ANDERSEN & CO.
BOSTON, MASSACHUSETTS

To the Board of Trustees of
The Beth Israel Hospital Association:

We have examined the balance sheet of THE BETH ISRAEL HOSPITAL ASSOCIATION (a Massachusetts corporation) as of September 25, 1971, and the related statements of income, changes in fund balances and changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances. We have previously examined and reported on the financial statements for the preceding year.

In our opinion, the accompanying financial statements present fairly the financial position of The Beth Israel Hospital Association as of September 25, 1971, and the results of its operations and the changes in financial position for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Arthur Andersen & Co.

Boston, Massachusetts,
December 10, 1971

NOTES TO FINANCIAL STATEMENTS
September 25, 1971

(1) Building Fund Program and Related Financing

The Hospital initiated a building program in 1966 to expand its facilities. Through September 25, 1971, construction costs of $10,989,000 had been incurred for new patient and research facilities, and related projects, including architectural, planning and engineering studies relating to possible future construction of additional patient facilities and a garage. The cost of these studies ($664,788) is included in construction work-in-progress at September 25, 1971. Formal arrangements for the financing of the proposed new facilities are in process and have not been completed.

At September 25, 1971, the Hospital has secured loans payable to a bank in the amount of $5,158,000, which were used to finance the Hospital's construction programs. The loans are due on demand and interest is payable at the rate of ¼ of 1% above the bank's prime interest rate. The Hospital has agreed that should the loans exceed Development Fund pledges, the Hospital's unrestricted endowment funds would be available to pay any balance due on the loans. The loans exceeded the Development Fund pledges by $3,984,000 at September 25, 1971.

(2) Property, Plant and Equipment

Hospital property, plant and equipment as of September 25, 1971, is summarized below:

	Cost	*Accumulated Depreciation*	*Net*
Land	$ 229,354	$ —	$ 229,354
Buildings and improvements	14,584,087	5,093,678	9,490,409
Equipment	17,512,690	7,833,626	9,679,064
	$32,326,131	$12,927,304	$19,398,827
Construction work-in-progress	811,342	—	811,342
	$33,137,473	$12,927,304	$20,210,169

Buildings, building improvements and fixed equipment are depreciated on the sum-of-the-years digits method or the straight-line method; movable equipment is depreciated on the straight-line method.

During 1971, the Hospital transferred $1,998,480 to its funded depreciation account (plant fund); of this amount $936,176 was expended for additions to hospital plant and equipment. At September 25, 1971, cash and certificates of deposit in the depreciation fund amounted to $1,533,914.

(3) Harvard Administered Grants

The salaries and expenses for research and education do not include substantial amounts for grants administered by Harvard University for work done at Beth Israel Hospital. However, the statement of income includes overhead reimbursements received by the Hospital attributable to Harvard administered research.

(4) Pension Plans

The Hospital has a noncontributory pension plan covering substantially all of its employees. Pension plan costs amounted to $250,000 in 1971, and $203,752 in 1970, which includes amortization of past service costs of $74,000 in 1971, and $72,000 in 1970. During 1971, the Hospital revised the pension plan to allow additional credited service for certain employees. This change accounted for approximately $17,000 of additional pension costs in 1971. It is the Hospital's policy to fund pension costs as provided in the accounts.

In addition, the Hospital incurred costs of $268,000 in 1971, and $191,000 in 1970, for pensions of doctors covered under the Harvard University retirement program and for other pensions under informal pension arrangements.

The Hospital received reimbursement from various grants for pension costs of $101,000 in 1971, and $94,000 in 1970, which reduces the amount of the above expenditures charged to operations.

(5) Contractual Settlements with Medicare and Blue Cross

Under contractual arrangements with Medicare and Blue Cross, the Hospital is reimbursed for services rendered to patients covered by these programs based on allowable costs (as defined in the applicable reimbursement regulations). Payments for services rendered to Medicare and Blue Cross patients are made to the Hospital on a current basis at interim rates. Differences between the Hospital charges and the reimbursement based on cost are recorded as contractual adjustments. After the close of each year, the Hospital files statements of reimbursable costs with Medicare and Blue Cross, which are used to determine the final reimbursement. These statements are subject to review and possible adjustment by the Medicare intermediary or the Massachusetts Rate Setting Commission. Audits of the statements of reimbursable costs have been completed through the fiscal year 1969 for Medicare and through the fiscal year 1968 for Blue Cross.

(6) Investments

Investments are stated at cost, or, if received by gift or bequest, at fair market value when acquired.

The Hospital is the beneficiary of bequests and gifts under various wills and trusts, etc., the realizable amounts of which are not presently determinable.

GRANTS FOR RESEARCH AND EDUCATION

Awarded September 27, 1970 to September 25, 1971

FOR RESEARCH
